In this all new collection of stories about the renegade Time Lord we all love to hate, you'll discover just some of the mad and malevolent activities Missy gets up to while she isn't distracted by the Doctor. So please try to keep up.

Since Queen Olympia's fateful fall into the river, newlyweds Christian and Marigold have been living happily ever after. And they had every intention of keeping it that way--until they find out that Olympia may not be as gone as they thought. Turns out Olympia is alive and well in a faraway village, having lost her memory after her ill-timed tumble. But one day she awakes and remembers her previous glory as queen. Accompanied by Lazy Susan (Sleeping Beauty's slacker sister) and Stan Lucasa (a gentleman with a surprising destiny), Olympia returns, determined to take back the kingdom. Yet, thanks to a cast of familiar characters, grabbing the throne may not be as easy as Olympia thinks!

When a British space probe is intercepted by a sinister alien vessel on the eve of Christmas, it marks the beginning of an audacious invasion of the Earth by the Sycorax – horrifying marauders from beyond the stars. Within hours, a third of humanity stands on the brink of death with not a single shot fired. Our planet needs a champion – but the Doctor is not fit for service. He's just regenerated, delirious in a new body and a dressing gown. Forced into his battered shoes is his friend, Rose Tyler, a girl from a London council estate. Will she save the world from this nightmare before Christmas – or see it destroyed?

We live forever, barring accidents. Just like everyone else in the universe. The Doctor travels back to the Ancient Days, an era where life flourishes and death is barely known... Then come the Kotturuh – creatures who spread through the cosmos dispensing mortality. They judge each and every species and decree its allotted time to live. For the first time, living things know the fear of ending. And they will go to any lengths to escape this grim new spectre, death. The Doctor is an old hand at cheating death. Now, at last, he can stop it at source. He is coming for the Kotturuh, ready to change everything so that Life wins from the start. Not just the last of the Time Lords. The Time Lord Victorious.

Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...

In 1920s London the Doctor and Rose find themselves caught up in the hunt for a mysterious murderer. But not everyone or everything is what they seem. Secrets lie behind locked doors and inhuman killers roam the streets. Who is the Painted Lady and why is she so interested in the Doctor? How can a cat return from the dead? Can anyone be trusted to tell or even to know the truth? With the faceless killers closing in, the Doctor and Rose must solve the mystery of the Clockwise Man before London itself is destroyed... Featuring the Doctor and Rose as played by Christopher Eccleston and Billie Piper in the hit series from BBC Television

College senior Stella Denton has very few prospects and even fewer suitors i.e. none when a gunshot wound to the head catapults her from 21st century Minneapolis to Jarmo, a real-life hunter-gatherer society circa 7000 BCE. Although Stella starts 'living sequentially' in both realities, she thrives far more in her ancient life. However, an impending war could also get her people slaughtered unless she takes immediate action to save herself and her tribe. During her dual-life journey, Stella draws the interest of Dr. Vale, an unappreciated, thirty-something professor of paleoanthropology, charismatic Chieftain Hari of the Jarmo tribe, and young Ashur, a prehistoric teenager in need of lessons in love. But when the time comes to make an irrevocable choice between the two, will Stella choose down-to-earth reality or the allure of the unknown? For the second time, historian Alex Balfour, who has a genetic disposition to time travel (Time After Time), finds himself in another era. Transported to the Philadelphia Exposition of 1876, Alex is befriended by a disparate group, including four black men, some captured Indians, Mark Twain, and General Custer. Concurrently, his contemporary lover, New York Times reporter Molly Glenn, is pursuing the story of a young Sioux claiming to be the descendant of Crazy Horse.

In a twist of fate, the Tenth Doctor and the Thirteenth Doctor were brought together to face off against their deadly enemies. Unfortunately, the universe doesn't quite like the idea of a Time Lord meeting up with their past or future self – the consequences of such a paradox could cause a reality-altering shift that destroys the entire universe! Lucky for them it all worked out, until the Tenth Doctor was pulled into an impossible Time Vortex...

'I am an expert on witchcraft, Doctor, but I wish to learn more. Before you die, I want answers.' The TARDIS lands in the Lancashire village of Bilehurst Cragg in the 17th century, and the Doctor, Ryan, Graham and Yaz soon become embroiled in a witch trial run by the local landowner. Fear stalks the land, and the arrival of King James I only serves to intensify the witch hunt. But the Doctor soon realises there is something more sinister than paranoia and superstition at work. Tendrils of living mud stir in the ground and the dead lurch back to horrifying life as an evil alien presence begins to revive. The Doctor and her friends must save not only the people of Bilehurst Cragg from the wakening forces, but the entire world

'The entire Dalek race, wiped out in one second. I watched it happen. I made it happen!' The Doctor and Rose arrive in an underground vault in Utah in the near future. The vault is filled with alien artefacts. Its billionaire owner, Henry van Statten, even has possession of a living alien creature, a mechanical monster in chains that he

has named a Metaltron. Seeking to help the Metaltron, the Doctor is appalled to find it is in fact a Dalek – one that has survived the horrors of the Time War just as he has. And as the Dalek breaks loose, the Doctor is brought back to the brutality and desperation of his darkest hours spent fighting the creatures of Skaro... this time with the Earth as their battlefield.

Discover the new Doctor Who classics. When the entire universe is at stake, three different Doctors will unite to save it. The Tenth Doctor is hunting shape-shifting Zygons in Elizabethan England. The Eleventh is investigating a rift in space-time in the present day. And one other – the man they used to be but never speak of – is fighting the Daleks in the darkest days of the Time War. Driven by demons and despair, this battle-scarred Doctor is set to take a devastating decision that will threaten the survival of the entire universe... a decision that not even a Time Lord can take alone. On this day, the Doctor's different incarnations will come together to save the Earth... to save the universe... and to save his soul.

Shop window dummies that can move – and kill – are taking up key positions, ready to strike. Rose Tyler, an ordinary Londoner, is working her shift in a department store, unaware that this is the most important day of her life. She's about to meet the only man who understands the true nature of the threat facing Earth, a stranger who will open her eyes to all the wonder and terror of the universe – a traveller in time and space known as the Doctor. Twelve extraordinary Doctor Who stories, each featuring a monstrous villain from the Doctor Who world. On every planet that has existed or will exist, there is a winter . . . Many of the peoples of Old Earth celebrated a winter festival. A time to huddle together against the cold; a time to celebrate being half-way out of the dark. But shadows are everywhere, and there are some corners of the universe which have bred the most terrible things, lurking in the cold between the stars. Here are twelve stories - one for each of the Twelve Days of Christmas - to remind you that to come out of the darkness we need to go into it in the first place. We are not alone. We are not safe. And, whatever you do: don't blink. Written by popular children's author, and lifelong Doctor Who fan, Dave Rudden.

In between agony and ecstasy, between tragedy and comedy, unfolds this drama we call life. On the verge of adolescence, Daniel Abrams moves with his family to Los Angeles from the majestic mountains of Montana, where he had place, where he could, and often did, enter the realm of the gods through nature, a time always bright and delightful. Although miserable at first young Daniel begins to find place and feel at home after he meets Crystine Mercado, born in LA, and growing up right along with the big city. Neither can deny it is love at first sight, and together they enter a realm of love that few ever do. But they have their souls, by now entwined, wrenched asunder when his family moves back to Montana. Daniel notices from that point forward a mysterious and recurring thread being woven in the tapestry of his life that cannot be ignored, and he can't help but wonder if there isn't a purpose behind the strange and sometime bizarre events, for he discovers in Vietnam that in the realm of the gods there is also a dark and foreboding place. But he knows that to find the answers to his questions, he must somehow find Crystine, even if it takes a lifetime. Join Daniel as life sets him on a spiritual journey by first lifting him to the mountain top, then dropping him into a deep valley. And then, sometimes with gentle certainty, sometimes with agonizing painfulness, life lifts him out and sets him to sail an unknown ocean until he lands on a deserted island where he makes the discovery of who he truly is.

Twelve incredible Doctor Who stories for the long winter nights featuring an exclusive extra story in the Time Lord Victorious arc! Christmas can mean anything . . . For Missy, it's solving murders in 1909. For a little girl in Dublin, it's Plasmavores knocking at the door. For Davros, it's a summons from the Doctor, who needs the mad inventor's help. The perfect collection for the bleakest - and sometimes brightest - time of the year, these are the tales for when you're halfway out of the dark . . . The perfect collection for the bleakest - and sometimes brightest - time of the year, these are the tales for when you're halfway out of the dark . . . Written by popular children's author, and lifelong Doctor Who fan, Dave Rudden, author of Twelve Angels Weeping. 'The perfect balance between tenderness and humour and terror and imagination - like the show at its very, very best' - Guardian 'The comforting yet thrilling vibe of a Doctor Who Christmas special TIMES TWELVE' - Deirdre Sullivan 'A fascinating tale' - Screenrant In 1967, after a session with a psychiatrist she'd never seen before, eighteen-year-old

Susanna Kaysen was put in a taxi and sent to McLean Hospital. She spent most of the next two years in the ward for teenage girls in a psychiatric hospital as renowned for its famous clientele—Sylvia Plath, Robert Lowell, James Taylor, and Ray Charles—as for its progressive methods of treating those who could afford its sanctuary. Kaysen's memoir encompasses horror and razor-edged perception while providing vivid portraits of her fellow patients and their keepers. It is a brilliant evocation of a "parallel universe" set within the kaleidoscopically shifting landscape of the late sixties. *Girl, Interrupted* is a clear-sighted, unflinching document that gives lasting and specific dimension to our definitions of sane and insane, mental illness and recovery.

The TARDIS lands the Doctor and Martha in the Lake District in 1909, where a small village has been terrorised by a giant, scaly monster. The search is on for the elusive 'Beast of Westmorland', and explorers, naturalists and hunters from across the country are descending on the fells. King Edward VII himself is on his way to join the search, with a knighthood for whoever finds the Beast. But there is a more sinister presence at work in the Lakes than a mere monster on the rampage, and the Doctor is soon embroiled in the plans of an old and terrifying enemy. And as the hunters become the hunted, a desperate battle of wits begins – with the future of the entire world at stake... An adventure featuring the Tenth Doctor, as played by David Tennant, and his companion Martha

Still reeling from his encounter with the Cybermen, the First Doctor stumbles through the bitter Antarctic wind, resisting the approaching regeneration with all his strength. But as he fights his way through the snowdrifts, he comes across the familiar shape of a blue police box, and a mysterious figure who introduces himself as the Doctor... Thrown together at their most vulnerable moments, the two Doctors must discover why the snowflakes are suspended in the sky, why a First World War Captain has been lifted from his time stream moments before his death, and who is the mysterious Glass Woman who knows their true name. The Doctor is reunited with Bill, but is she all she seems? And can he hold out against the coming regeneration?

Doctor and Martha are transported by the Tardis to the mysterious Museum of the Last Ones. There, in the Earth section, they discover every extinct creature - all still alive and in suspended animation. Preservation is the Museum's only job. And for millennia the Museum has been trying to trace one elusive specimen: the last of the Time Lords.

If there's one thing the Doctor ought to remember, it's this: he should never travel alone. And to help make sure he always has someone suitably brilliant by his side, Clara has compiled this comprehensive guide to travelling with the Doctor. Packed full of hints and tips on topics such as introducing the Doctor to your family, packing for life on the TARDIS and practising alien first aid, this guide will fully prepare you for life as a companion!

She's got ice in her heart and a kiss on her lips... 1939, New York. Private Eye, Melody Malone, is hired to find a stolen ruby, the Eye of Horus. The ruby might hold the secret to the location of Cleopatra's tomb - but everyone who comes into contact with it dies. Can Melody escape the ruby's curse? 1939, New York. River Song, author of the Melody Malone Mysteries, is forced to find a reality-altering weapon, the Eye of Horus - but everyone who comes into contact with it dies.

River doesn't believe in curses - but is she wrong? From the top-security confines of Stormcage to the barbarism of first-century Egypt, River battles to find the Eye of Horus before its powers are used to transform the universe. To succeed, she must team up with a most unlikely ally - her own fictional alter ego, Melody. And together they must solve another mystery: Is fiction changing into fact - or is fact changing into fiction?

Beware the hands that heal. The Doctor and Peri land on the planet Necros to visit the funerary home Tranquil Repose – where the dead are interred and the near-dead placed in suspended animation until such time as their conditions can be cured. But the Great Healer of Tranquil Repose is far from benign. Under his command, Daleks guard the catacombs where sickening experiments are conducted on human bodies. The new life he offers the dying comes at a terrible cost – and the Doctor and Peri are being lured into a trap that will change them forever. At last, the only classic-era Doctor Who adventure never to be novelised is here, and by the author of the original script, Eric Saward.

'We must get to the bottom of this dark and queer business, no matter what the cost!' Something ghastly is afoot in Victorian Yorkshire. Something that kills. Bodies are washing up in the canal, their skin a waxy, glowing red... But just what is this crimson horror? Madam Vastra, Jenny and Strax are despatched to investigate the mystery. Strangely reluctant to assist their enquiries is Mrs Winifred Gillyflower, matriarch of 'Sweetville', a seemingly utopian workers' community. Why do all roads lead to the team's old friends Clara and the Doctor? Who is Mrs Gillyflower's mysterious silent partner Mr Sweet? And will the motley gang be in time to defeat the mysterious power that threatens all the world with its poison?

We're all stories in the end... In this exciting collection you'll find all-new stories spinning off from some of your favourite Doctor Who moments across the history of the series. Learn what happened next, what went on before, and what occurred off-screen in an inventive selection of sequels, side-trips, foreshadowings and first-hand accounts – and look forward too, with a brand new adventure for the Thirteenth Doctor. Each story expands in thrilling ways upon aspects of Doctor Who's enduring legend. With contributions from show luminaries past and present – including Colin Baker, Matthew Waterhouse, Vinay Patel, Joy Wilkinson and Terrance Dicks – The Target Storybook is a once-in-a-lifetime tour around the wonders of the Whoniverse.

The year 1971 is considered an epochal moment in Indian history. A young nation was finding its feet on the world stage and building confidence to face challenges. On the political front, India took a giant leap with its firm stance in its conflict with Pakistan, which eventually led to the creation of Bangladesh. The same rapid strides were replicated on the cricket field when the Indian team achieved the unthinkable. Ajit Wadekar and his men clinched series victories in West Indies and England, thereby showing the world that India was ready for the big stage. A young Sunil Gavaskar exuded the confidence of the youth, willing to

break the shackles. The veteran Dilip Sardesai symbolised India's inherent grit, while the likes of BS Chandrasekhar, Erapalli Prasanna and Bishan Singh Bedi represented brilliance in craft. Eknath Solkar, S Abid Ali and S Venkataraghavan represented stability. All these qualities combined to help India achieve its finest hour in its cricket history until then. Indian cricket has achieved a lot since, but it all started with 1971. As we mark 50 years of those great triumphs, this book brings to you a collection of 71 anecdotes from Indian cricket's special year - 1971.

In 2070, the Earth's weather is controlled from a base on the moon. But when the Doctor and his friends arrive, all is not well. They discover unexplained drops of air pressure, minor problems with the weather control systems, and an outbreak of a mysterious plague. With Jamie injured, and members of the crew going missing, the Doctor realises that the moonbase is under attack. Some malevolent force is infecting the crew and sabotaging the systems as a prelude to an invasion of Earth. And the Doctor thinks he knows who is behind it: the Cybermen. This novel is based on 'The Moonbase', a Doctor Who sci-fi story that was originally broadcast from 11 February-4 March 1967. Featuring the Second Doctor as played by Patrick Troughton, and his companions Polly, Ben and Jamie

Even a Time Lord can't change the past. A wasteland. A dead world... No, there is a biodome, rising from the ash. Here, life teems and flourishes, with strange and lush plants, and many-winged insects with bright carapaces – and one solitary sentient creature, who spends its days watering the plants, talking to the insects, and tending this lonely garden. This is Inyit, the Last of the Kotturuh. In *All Flesh is Grass* we are transported back to The Dark Times. The Tenth Doctor has sworn to stop the Kotturuh, ending Death and bringing Life to the universe. But his plan is unravelling – instead of bringing Life, nothing has changed and all around him people are dying. Death is everywhere. Now he must confront his former selves – one in league with their greatest nemesis and the other manning a ship of the undead...

'Who am I...? WHO AM I?' It's December 1999, and strange things are happening as the new millennium nears. A British police box appears from nowhere in San Francisco's Chinatown and the mysterious man inside it is shot down in the street. Despite the best efforts of Dr Grace Holloway, the man dies and another stranger appears, claiming to be the same person in a different body: a wanderer in time and space known only as the Doctor. But the Doctor is not the only alien in San Francisco. His deadly adversary the Master is murdering his way through the city and has taken

control of the TARDIS. The Master is desperate to take the Doctor's newly regenerated body for himself, and if the Doctor does not capitulate, it will literally cost him the Earth... and every last life on it.

In the mid-1980s a young woman is found strangled in a wooded area north of the town of Graham, Colorado. A young man, near death from a drug overdose, is found nearby. The implications are obvious to the members of the community. As Sheriff Emmett Taylor begins his investigation, conflicting evidence raises the questions in his mind. The autopsy reveals the young woman had sex sometime during the evening of the murder, but apparently was not raped. The young man, the town's bad boy, was carrying a lethal dose of heroin, a drug not readily available in the farm community, in his veins. Despite the interference of Marta Sanchez, the assistant district attorney, the mayor of Graham, and various city officials, Sheriff Taylor is determined to conduct the investigation in his own manner. To complicate matters further, Nathan Crowley, a suspected killer of six young women that Taylor sent to jail four years ago has been released. And he is coming back. And he is looking for revenge. Sheriff Taylor realized in the final resolution, he will either come out on top, or end up dead.

A unique collection of more than 100 never-before-seen letters, notes, and jottings both by and to the Doctor—correspondence by turns entertaining and inspiring, funny and flippant, brilliant and incredible drawn from all fifty-two years of the show. No one could travel through history—past present and future—as much as the Doctor does without leaving an impression. Much of what we know about this mysterious figure comes from what he does— the planets he saves and the monsters he defeats. But until now we've had little knowledge of his writings. These rich and diverse documents paint an extraordinarily detailed picture of the Doctor and include his plea to the Time Lords to help end the War Games, an extract from the written defense he submitted at his subsequent trial, his application for the post of Caretaker at Coal Hill School, his apology to the Queen for missing dinner, even telepathic messages to the High Council on Gallifrey and his famous letter to Santa Claus. Like the Doctor himself, the mood can change in an instant. The Time Lord Letters captures the best and most dramatic moments of an impossible life. You'll never see the Doctor in quite the same way again.
