After three of Starfleet's longest serving agents fear exposure, they initiate emergency extraction procedures. Their planned rendezvous with the USS Endeavour goes awry, threatening to reveal their activities and the damaging intelligence they've collected during their mission. Tasked by Starfleet to salvage the botched rescue attempt, Captain James T. Kirk and the crew of the USS Enterprise must discover the truth behind a secret weapons experiment while avoiding an interstellar incident with the potential to ignite a new war between the Federation and one of its oldest adversaries.

It's a win-win situation, with him on both sides of the win. There's even a plan to display the original scroll of the Ferengi Rules of Acquisition—which no one has seen for decades given that it's been held in protective storage—and charge patrons by the minute to look at it up close. Nothing, of course, could possibly go wrong with this big plan. Absolutely nothing at all...
