

The Three Rs Ruth Beechick

Explores how teenagers can leave school and design a personalized education program for themselves

How do people learn? Educational experts have wrestled long and hard with this tantalizing question. In his book *Theories of Learning*, Ernest R. Hilgard catalogs the many hypotheses by categories. Among the many attempts to solve this dilemma, few begin with the Bible. This book does.

Details the Bible-based homeschool teaching approach for parents, and discusses Christian education, learning styles, unit studies, bible study, and more.

Teens can study this book as a course in survey of world history or plug it anywhere into their social studies. They will gain a knowledge of history past and future, and gain also a biblical worldview to help with thinking about governments and issues of today. Adults can skip the student assignments and read through this unique approach to history. Because it follows the Bible, it solves a number of mysteries that other history books cannot solve.

Dr. Beechick is a highly experienced teacher and curriculum developer, she believes that parents are the best teachers of their children. You will feel that teachers know secrets that are hid from you.

A wonderful alternative to the tedious workbooks and overly academic approaches usually used. The best little teaching aids I have ever read. With my children as proof, these ways are far above other methods we have tried.

classroom learning and provides teaching helps for parents.

Families with boys often find the world reacts to them in mock horror. Even though parents love their sons, privately they admit that boys can be a handful to raise--they are boisterous, competitive, reckless, distractable. The challenge of wills between parent and son starts early, and the quest to civilize young bulls may seem hopeless some days. Yet believers know that God has given them children as a gift of heaven, specially chosen for their particular families and marked as a blessing. If that's so, why does it seem so hard? How can we prepare these boys to serve God when it's all we can do to make it through another day? Isn't there a better way? *Raising Real Men: Surviving, Teaching and Appreciating Boys* shows the answer is emphatically yes. Written by the parents of six boys, *Raising Real Men* provides hope and encouragement to families with sons. Starting from the premise that God made boys to become men, Hal and Melanie Young offer Biblical principles and tested, practical ideas for training the manly virtues that can drive parents and teachers up the wall. This is a practical guide to equipping the hearts and minds of boys without breaking or losing your own.

"...earthy, realistic, humorous, and scriptural ..." --

Douglas Wilson, author, *Future Men* "This is just what the doctor ordered for parents who want to raise capable Christian men of character." -- John Rosemond, author, *Parenting By The Book*

Jam-packed with wonderful language activities, this book provides parents and teachers with a year's course of oral

language study for children who do not yet read or who are just beginning to read. Learn how to turn everyday experiences into valuable learning experiences. Dr. Beechick lights the spark of creativity in the parent as well as the student.

A critical volume for the homeschooling community that helps parents make informed choices regarding learning styles and curriculum

Wouldn't you love to sit down with an experienced homeschooling mom and pick her brain? "Beyond Survival" gives you the preparation and working plan for a successful homeschooling experience. With confidence and compassionate humor, Diana Waring leads you on a joy-filled educational journey.

Have you ever wished you could pick up the phone and ask Dr. Beechick your homeschooling question? This question-and-answer format is almost like that phone call. Editor Debbie Strayer selected the questions most asked of Dr. Beechick at conventions and in her magazine column. She organized and indexed thoroughly so you can find Beechick's comments on all these important topics. Find famous common sense help on every page of this practical book. Finally, homeschoolers have a comprehensive guide to designing a homeschool curriculum, from one of the country's foremost homeschooling experts. , Rebecca Rupp presents a structured plan to ensure that your children will learn what they need to know when they need to know it, from preschool through high school. Based on the traditional pre-K through 12th-grade structure, Home Learning Year by Year features:

- The integral subjects to be covered within each grade
- Standards for knowledge that should be acquired by your child at each level
- Recommended books to use as texts for every subject
- Guidelines for the importance of each topic: which knowledge is essential and which is best for more

expansive study based on your child's personal interests
Suggestions for how to sensitively approach less academic subjects, such as sex education and physical fitness
Includes a summary of objectives and a scope and sequence for the five most commonly used national achievement tests to help home schoolers prepare their children.

This book offers fresh insight on what the Bible says about learning. Teaching and learning are more effective when people are viewed with heart - with the image of God within them. This book contains the most complete research available about heart in the Bible. The Bible says the heart knows, considers, speaks, remembers, deceives, meditates and other functions that modernists like to attribute to the brain. This book also reports physiological research that shows the Bible was right all along in the way it spoke about heart. A chart in the appendix summarizes almost 1000 Bible references to heart by meaning.

Now even more complete, with updated lists of available resource materials, this manual is your access guide to home schooling- maximizing our family life while providing a quality education for your children. If you're considering homeschooling, this book is a must-read before you decide; and if you've been at it for awhile, it's a fresh perspective, with plenty of tactics for renewing your energy and motivating your kids. With wit and wisdom gleaned from years of experience, Debra Bell sets forth a compelling vision for the joys of home-based learning and the essential tools for success. The CD-ROM contains the complete text of the book, plus website links and a search engine.

Three resources in one ? READING, WRITING, and ARITHMETIC! Learn how to take the mystery out of teaching the early grades with this practical, down-to-earth guidebook from Ruth Beechick. The book is divided into three sections that are tabbed for easy reference. The READING section tells how and when to begin phonics, and how to develop comprehension skills. The LANGUAGE section shows how to develop written language skills naturally, in the same way children learn oral language. The ARITHMETIC section explains how to teach understanding of math concepts, and not just memorization of facts.

A thorough chapter-by-chapter overview of the inspiring teaching principles of Christian educator Charlotte Mason, this book reveals the practical day by day method of how to teach "the Charlotte Mason way". The author offers friendly advice, and humor, along with the joys and struggles of real homeschool life. The book covers education, parenting, homeschooling and lots of encouraging advice for mothers.

A traditional reader including stories, poems, and new word drills.

A wonderful alternative to the tedious workbooks and overly academic approaches usually used. The best little teaching aids I have ever read. With my children as proof, these ways are far above other methods we have tried.

The author gives many helpful hints for teachers so that they may have an easy start in arithmetic for their students in the K-3 group. These hints are for both home schooling teachers and classroom teachers.
