Never in a million years did I think it would be Ian Parker who saved me... I know I should stay away from Ian Parker. But when my drug-dealing stepdad kicks me out, I have nowhere to go. Squatting in an abandoned shed on Ian's grandpa's farm seems like as good a plan as any. Ian finds me there, of course, and he insists on me moving into his spare room. I should say no, but the appeal of a roof and a warm bed is too much. Not to mention Ian's brown eyes and strong arms. We're nothing alike, but the spark between us is undeniable. My life is finally looking up. Until I call the cops on my stepdad and unintentionally get my pregnant mom arrested. Now I have to sacrifice my dreams to take care of my mom's baby. She's the only family I have left. Meanwhile, Ian's band is taking off; his dreams are coming true. Ian is my one chance at love. I just hope he doesn't become the one chance that got away.

My name is Clover Calloway and I've lived two separate lives. The first, I like to call "my past." I never talk about it. I try not to think about it. My rockstar days of playing in one of the hottest bands on the planet are over. Along with the most volatile, beautiful, tragic love story of all time. Over the past five years, I've settled into my second life. My "normal life." The one where I work a normal job, hang out with normal people and fall in love with a normal, but wonderful guy. The life where I'm admittedly a little bored, but also safe. My past wasn't boring. But my past broke my heart into a million, unfixable pieces. So, I'm determined to keep it where it belongs-behind me. And the man responsible for the shattering of me? Malachi Porter, lead singer and mastermind of Bright Tragedy, should stay there too. Far away from me and this idyllic life I've carved out for myself. But what happens when my two lives collide? When Malachi comes crashing into my perfectly normal world, he threatens to destroy it, promises to

annihilate everything I've replaced him with. He upends everything I thought I wanted and forces me to question the reasons I left Bright Tragedy all those years ago. But I didn't walk away five years ago, I ran. As fast as I could go. And while my heart is whispering that it's different this time—that he's different—my brain is screaming for me to run again. Malachi Porter isn't a normal guy. And he doesn't belong in my "normal life." But, nevertheless, he's bound and determined to make a place for himself here. I just hope my heart can survive him, that we don't burn into another bright tragedy.

Frustrated at being shoved out of his mediator role by their new manager, Deacon McCoy loses himself in brutal workouts. He only comes up for air long enough to refuel—and to tease the deliciously cute chef who makes him crave a lot more than what she's offering on her serving plate. As the child of roadie parents, Harper Pruitt has heard every pickup line twice. To her, musicians are one step above the scraps on her cutting board. All she wants is to get enough experience to run her own catering company, but Deacon and his bottomless stomach are too tempting to resist. He's far from the typical rock star and before long, she finds herself experimenting with him, inside and out of the kitchen. Apron - and panties - optional. When Harper sees that Deacon's dream band with his best friends may be turning into a nightmare, she can't walk away. Deacon's so much more than just a peacemaker and the man behind the bass. But she has her own dreams to chase...even if she's starting to think what she's building with him might be the biggest one of all.

Secrets and lies imploded rockstar Niall's last relationship and made him slow to trust. In this sexy rockstar romance, tough-as-nails roadie Reese saves him from a terrible

accident and now he knows he wants all of her. Even her secrets. When something slammed into me at band rehearsal, I wasn't expecting it to be a woman that landed on top of me. And I definitely wasn't expecting it to be a woman like Reese Bailey. My blue-eyed, backwoods angel is the exact opposite of what I should want. After all, I'm the millionaire rockstar bassist of Wreckage whose family owns one of the largest estates in England, and she's a tough-talking American country girl and the only female roadie on our crew. She's not what I wanted. But she's exactly what I need. Now what I need is to bruise her lips with mine and feel her body quiver as I make her moan. But she's holding back. She's scared of something and I need to know what it is. Because I want all of her. Even her secrets. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; text-indent: 28.8px; font: 12.0px 'Times New Roman'}

The most famous rock star in the world has finally found the one, but secrets from his past threaten to ruin both their lives in this "heart-pounding romance" (Fresh Fiction). Shane Hawthorne has it all. At least, that's what the headlines say about me. I have millions of fans, awards, more money - and women - than I know what to do with. But what you don't see is the wreckage I've caused. The memories and pain I can't escape, even when I pour them into music and spin them into gold. I tried to forget. To lose myself in booze and groupies. It didn't work. It hurt me and - worse - it hurt my band. That's the last thing I want to do, so I'm cleaning up my act... starting with Delaney Fraser. Gorgeous, smart, drama-free, and even nice - Delaney is the perfect "girlfriend." When I'm with her I don't have to pretend. It's like she sees the real me. And I can see a future with her. But that's dangerous. Because the truth is, Shane Hawthorne doesn't actually exist. He's a shield to hide who I really am. Fraud. Runaway. Addict. Murderer. And it's impossible to love a lie, right?

Go on tour with the woman who betrayed me? Not on your life. Six years ago, she was just some stranger I woke up next to. By nightfall, I knew she was the one. Or so I thought. Six months later, she destroyed me. And now, we're being forced into a reunion neither of us wants. We may have to play nice, but when the lights are off ... so are our masks.

Six years. Seventy-two months. Over two thousand days. That's what I'd dedicated to that guitar-playing asshole, Danny Silver. Now I, Daisy Piper, was left to pick up the wreckage of his love while he ran off with the band to find fortune and fame. Life went on without him, and a new man soon rescued me from the ashes of Danny, but a part of my heart remained a little broken, no matter who tried to fix it. First loves can't be forgotten so easily, and when Danny returned to our small hometown in Devon - famous and adored by millions - I couldn't stop myself from wanting to get a glimpse of the man I'd once laid beside, to see how much he'd changed. The smallest actions make for the biggest mistakes, and a single look into Danny's eyes was all it took before I ran. I ran because the spark that came to life inside felt dangerous, and I wasn't the kind of girl who enjoyed getting burnt twice. But running from a rock star isn't as easy as I thought it would be, and with Danny's sights now firmly set on me again, all I could do was pray that he got bored of the chase. That he thought life in Devon was too slow for him, and that he craved the bright lights of the city, as well as the noise of the stadium. If he didn't, I was about to ruin everything for everyone. Especially myself,

and my stupid little Silver-lined heart.

Scarlett: The whole world thinks they know him, but no one knows him like I do. Keir Wilder may be the lead singer of the biggest rock band on the planet, but he was once the boy next door. He was my first love. He put a ring on my finger. But I couldn't stay with him. That was a long, long time ago. Now I need help, and he's the only one who can save me. I know he will... If he can forgive me. Keir: Five years ago I waited for her but she never showed up. I tried to find her, but she disappeared. If she thinks she can just walk back into my life with no explanation, she is mistaken. Sure I'll help her. I'll fix it. That's what I do. I'm a problem solver and I don't let go until things are the way they should be. Like me and Scarlett, together again. Now that I have her back in my life, I'm not letting her run away from me again. We're about to leave on tour and I don't care what the rest of the band thinks. Or even what she thinks. She's coming with me. Note to readers: This standalone book takes place after events in RANE but there is no need to read them in order. And as a special bonus, I'm including a free copy of my first rockstar book JAX!

Connor Clash was everything I wasn't. He taught me how to live. I didn't mean for things to go the way they did. But Connor was beautiful, and I was lonely. Falling in love wasn't part of the plan. He betrayed me, and I was scarred. Before I got the job, I didn't know who he was. Now I saw him every night in my dreams. We were two people, worlds apart, holding each other at arms length. This was not going to end well. Connor Clash was an a**hole. And I loved him with all of my heart.

Good girls don't date rock stars. They certainly don't have rock star f-buddies. Still a virgin at 21, Meg Smart walks a straight and narrow path. She aces her classes, excels at her part time job, and carefully avoids trouble--no drinks, no drugs, and especially, no boyfriends. Rock star Miles Webb doesn't do "boyfriend." He skips over intimacy and love in favor of easy distraction--a beautiful woman under him, screaming his name. Meg is drawn to the pain in his gorgeous, tortured voice. But the man she hears on the radio is nothing like the player she meets at a mutual friend's house party. When she walks in on one of his trysts, she's embarrassed enough to die. His merciless teasing leaves her blushed and frustrated, but she's intrigued by his wit, his confidence, his casual offer to give her a night she'll never forget. Neither of them wants a relationship, so they strike up an arrangement: They'll be friends with benefits, nothing more, nothing less. There are only three rules: no secrets, no feelings, no falling in love. Only neither one of them can quite abide by the terms. ***Sing Your Heart Out is a full-length, standalone new adult romance.*** Sinful Serenade, a new adult romance series, follows the men of rock band Sinful Serenade and the women they love. The world thought Jack O'Donnell was just another out of control, egocentric Rockstar, but they were wrong. So very wrong. How do I know this? I would be the one to tell his story. It wasn't the clear blue of his eyes that held so much pain, or the well-defined forearms of a practiced guitar player that drew me in. It was his story. He told me I wouldn't be able to handle it, that I wouldn't like the ending. As I sit in a cold metal chair in the basement of a Catholic Church, I know he is right. I am a journalist. Trained to get the story. He shouldn't be trusting me with the most vulnerable parts of himself. But he did. He's a '90s rock legend, making the tabloids salivate for all the juicy tidbits of his life. He served it up to them with a messy divorce, a devastating loss, and the revolving door of his many rehab stints. He is a beautiful disaster, his life a train wreck you can't look away from but there is more to Jack than just the headlines. The problem is, I'm getting too close. Our connection is undeniable. What happens when the interview is over? *One Interview Two Days Twenty-Five Years of Rock 'n Roll*
*Dear Reader, this book contains some sensitive subjects about abuse, addiction and suicide. Please take care while reading.

Cade Scott is one hell of a drummer, living the dream of life on the road. He goes through women like he goes through towns: fast and without a backward glance. Nothing—and no one—will ever tie him down. Until he returns home for a few months while his band takes a break between tours and Hannah Lake walks into his life. Fifteen years his senior, Hannah embodies the term M.I.L.F.; every last inch of her promises the ride of his life. Hannah Lake isn't against men in general, she's just sworn off sex until her daughter graduates high school. If she's correct in her countdown, that's only another... seven-hundred and thirty-two days. No biggie. Hell, sex is what got her here in the first place: divorced with a sixteen-year-old and an ex-husband who had more mistresses than a king has concubines. But when Hannah happens to meet her daughter's favorite rock star, her carefully managed self-control is put to the test. Because Cade Scott embodies every rule she's ever wanted to break. And you know what they say about rules.
